## *Reversing Destiny*

Turn a desperate situation into a potentially miraculous recovery  
Produce a completely new dimension of reality out of a trial  
Transform a monotonous way of life into one that is vivid and vibrant  
Overcome distrust of people and the world and regain trust and a sense of bonds  
Open up a new future that is discontinuous from the past  
Transform a heart that sets limitations to be born anew as a different person  
Free yourself from unrelenting shackles and weight of gravity of life  
Bring to shine a past that you could not accept  
Discover your purpose inside of what you thought to be a life of decline

from *Reversing Destiny* by Keiko Takahashi

Sunday, January 15th 13:00 – 17:00 (Hall opens at 12:00)

Osaka International Convention Center

English translation will be available.

**Fee:** 3,000 yen (+ additional 300 yen for translation headphone)

The New Year Gathering is an event at which individuals gather at the beginning of the year to re-examine their aspirations; and Keiko Takahashi will provide a lecture addressing the new year.

In addition, Divine Truth cards, inscribed with the Twelve Bodaishin prayers composed by Keiko Takahashi, will be offered to each participant to serve as guideposts for the New Year.

GLA is an organization the members of which study Keiko Takahashi's Study of the Soul. These studies are based on theory and practice through which people can draw forth the inner power of their soul — the essential force of human beings. Keiko Takahashi aspires for as many people as possible to find happiness beginning with the discovery of profound answers to questions in life and in day to day realities.
